

August 25th, 2020

Greetings and well wishes to all,

Today, I am writing you to share in some exciting news and hoping you feel called to help in our ministry at Our Lady of the Lake Catholic Church children's/youth center rehabilitation project.

I'm sure each of us has a fond memory of our CCD educational time when we were young. We are hoping to have the same impact on our youth at Our Lady of the Lake. Unfortunately, our CCD classrooms have not been updated in 30 years. Which brings concern to the health and safety of our children while attending classes. Exciting news... we are planning to start our CCD classes on October 1st, 2020. We are extremely thankful for all the volunteers so far; who have contributed so much of their time and physical labor for our center.

We need to complete this project very soon and praying you all can find it in your hearts to contribute with the needs for our children. We have been able to start this project and have gotten a lot of work done with our amazing volunteers. We even have a local carpet company who has offered to give us our flooring products at cost. We are desperately asking for your help. The flooring is \$8,000. This includes 5 rooms, with the youth center. We are sure you know the importance of a positive and clean environment for our children to learn about our most precious Lord and wonderful Catholic faith.

We know we are faced with unique circumstances during this time, especially with the months of not being able to worship and receive our Lord in church. Although, we are extremely blessed to have the opportunity to worship by the shrine. We are hoping that we can get enough donations to cover the costs of the flooring so our children can start this year off in a clean and safe environment. Any amount you can contribute is so greatly appreciated, prayers are amazing too. I look forward to hearing from you soon.

Faithfully yours,

Bridgett Johnstone
